RE: Notice of assignment, transfer or duplication of agreements to DigiCert, Inc and its affiliates

You are receiving this letter because you are a valued customer of Symantec’s Website Security Services and related PKI product lines.

Symantec Corporation (“**Symantec**”) recently [announced an agreement](#) under which DigiCert, Inc. (“**DigiCert**”), a leading provider of scalable identity and encryption solutions, will acquire Symantec’s Website Security Services (“**WSS**”) and related PKI product lines (the “**Divested Solutions**”). The transaction is expected to close by December 31, 2017. We will advise you of the actual closing date (the “**Closing Date**”) once it is confirmed.

Your subscriptions, rights and licenses to the Divested Solutions have been governed by Symantec’s standard terms and conditions or your signed agreement with Symantec (“**Agreement**”). In this letter, we explain what will happen to your Agreement on the Closing Date. **Please read this letter carefully.**

Assignment and Transfer in Whole. On the Closing Date, Symantec will assign or transfer, in whole, any Agreement between you and Symantec if the Agreement is solely for a Divested Solution. In this case, each such Agreement, and all of Symantec’s rights, duties, obligations and liabilities under the Agreement, will be fully assigned or transferred by Symantec and assumed by DigiCert, with no further action required of you, Symantec or DigiCert.

Duplication and Assignment. On the Closing Date, Symantec will duplicate any Agreement if such Agreement has been used to govern use of the Divested Solutions and other Symantec solutions (“**Duplicate Agreement**”), so that you may make future purchases from DigiCert under the same terms and conditions, directly and seamlessly for the Divested Solutions. In this case, (i) the Agreement will continue solely between you and Symantec as it may govern current Symantec solutions, and (ii) a Duplicate Agreement will automatically be created solely between you and DigiCert on precisely the same terms and conditions with respect to the Divested Solutions only. For clarity, Symantec will have no rights, duties, obligations or liabilities under the Duplicate Agreement to you and no further action will be required by you, Symantec or DigiCert.

If you currently have an agreement with *GeoTrust, Inc., Thawte, Inc.* or any local legal entity associated with Symantec, the agreement will be assigned or duplicated, as applicable, as described in this letter.

The following table identifies the DigiCert entity which will assume your Agreement or be a party to a Duplicate Agreement, as applicable, based on your location and the Symantec entity with which you had the Agreement.

Location	Symantec Entity	DigiCert Entity
North America, Latin America, South America	Symantec Corporation	DigiCert, Inc.
Europe, Middle East, Africa	Symantec Ltd.	DigiCert, Inc.

Asia Pacific (PKI only) (except Japan and Thailand)	1) Symantec Asia Pacific Pte. Ltd.	DigiCert, Inc.
	2) Symantec Australia Pty. Ltd (for applicable Australia customers)	DigiCert, Inc.
	3) Symantec Corporation (for customers located in Thailand)	DigiCert, Inc.
Asia Pacific (WSS only) (except Japan)	1) Symantec Website Security Solutions Pty. Ltd.	DigiCert, Inc.
	2) Symantec Ltd. (for applicable customers located in Hong Kong or Taiwan)	DigiCert, Inc.
	3) Symantec Corporation (for applicable customers located in China)	DigiCert, Inc.
Japan (PKI only)	Symantec Japan, Inc.	DigiCert Japan G.K. ⁺
Japan (WSS only)	Symantec Website Security, G.K. ⁺	
Japan (GeoTrust branded WSS)	GeoTrust Japan G.K. ^{**}	DigiCert Japan Security G.K. ⁺

*GeoTrust Japan K.K. was converted to GeoTrust Japan G.K. 1 October 2017.

⁺As part of the transaction, Symantec Website Security, G.K. and GeoTrust Japan G.K. will be transferred to DigiCert. After the Closing Date, DigiCert will change the name of the transferred Japanese entities to DigiCert Japan G.K. and DigiCert Japan Security G.K. respectively. Your agreements relating to the Divested Solutions with Symantec Website Security, G.K. and GeoTrust Japan G.K. will not be impacted by any transfer, assignment or novation to a new DigiCert entity.

Communications and Invoices. Communications relating to the Divested Solutions, including operational considerations such as payment remittances, will be made by DigiCert separately. Symantec may continue to invoice you for Divested Solutions which were part of a combined order prior to the Closing Date. Until you receive communication indicating otherwise, please remit payments per the instructions on each invoice received, from Symantec or DigiCert, as applicable.

Upon closing of DigiCert's acquisition of Symantec's Website Security Services and related PKI product lines, the relevant personal information of those customers in Symantec's possession (along with other applicable business records) will be transitioned to DigiCert under a relevant data transfer agreement. For questions or concerns, please contact DigiCert at: privacy@digicert.com.

DigiCert's signature is provided below, indicating its acceptance of the assignment of each Agreement and Duplicate Agreement. If you have any questions about this letter, please contact your account representative or Symantec at Contracts_Integration@symantec.com. Symantec and DigiCert thank you for giving us the opportunity to help secure your business and we look forward to serving you in the future.

Sincerely,

Scott Taylor, EVP & General Counsel
Symantec Corporation

Mike Johnson, General Counsel
DigiCert, Inc.
